The purpose of the observance of Arbor Day is to emphasize the importance of forest conservation and reclamation. The progress of the pioneer was marked by the growth of seedling trees left behind in his path. The years of drouth have in a large part destroyed these memorials to the early settler, yet today the public interest is more genuinely attracted to the thought of planting of trees than in the day of the pioneer. Arbor Day should be observed with special exercises in the schools. Each community of the State should give particular attention to commemorating this day with the planting of trees.

NOW, THEREFORE, I, Leslie Jensen, Governor of the State of South Dakota, designate April 15, 1938, as ARBOR DAY, hereby especially setting it apart as the day for the annual planting of trees in the State of South Dakota, and urge that appropriate exercises be held in all schools, thus affording an opportunity for the boys and girls to participate in the preservation of our natural resources.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of South Dakota to be hereto affixed.

DONE AT THE CAPITOL, in the City of Pierre, this 2d day of March, 1938.

Governor
